## GENERAL STATEMENT

**History** The New Orleans Conservatory of Music and Dramatic Art was founded in 1919 by Dr. Ernest E. Schuyten, who realized the need for a specializing school in the city of New Orleans. Dr. Schuyten was aided and supported in his undertaking by a number of leading teachers of New Orleans.

In September, 1932, the New Orleans Conservatory of Music and Dramatic Art affiliated with Loyola University and became the College of Music of Loyola University.

#### ENTRANCE PROCEDURE

**Method of** Graduation from an accredited high school, or an **Admission** equivalent of fifteen units, is required. Of these fifteen units of high school work, three must be in English, two in mathematics, two in social sciences, one in general science and seven in elective subjects. Of these eight elective units, five must be chosen from academic subjects. The remaining three units may be in music or other free electives. Any deficiency in high school credits must be made up during the first year of the degree course.

**Entrance** The Musical preparation required for admission **Examination** to the degree courses, whether or not expressed in terms of units accepted for High School graduation, includes a knowledge of elementary theory which should embrace, notation, keys, scale construction in both Major and Minor modes and intervals.

Students desiring to enter the Freshman class will take a placement test before matriculation. The test will be in Theory of Music and Applied Music.

**Advanced** Advanced standing in certain courses may be given **Standing** only after examination and at the discretion of the Committee on Admissions. #### ADMINISTRATIVE PROCEDURE

#### A. Relating to Examinations and Grades

1. At the end of each semester an examination is given in each course.

2. Regular or special students expecting to validate their credits in applied music, either for immediate or future application to degree requirements or for transfer to other institutions, must take the examinations. Special or preparatory students who do not take the examinations will be reported Z.

3. The final semester reports are made in accordance with the following system of marking: A, excellent (93%-100%); B, good (85%-92%); C, fair (77%-84%); D, passed (70%-76%); E, conditioned (60%-69%); F, failed (below 59%); FE, failure because of excessive absences; FS, failure because of pre-examination scholastic deficiency; W, withdrew from course with permission; WF, failure because of withdrawal from course without faculty approval. The passing grade is 70%.

4. Quality of Work A candidate for a degree must present not only the required character and quantity of work, but he must attain a certain standard of excellence in his work. This standard of excellence is measured by his marks and by the quality which they indicate. No student will be graduated unless he has earned a minimum average grade of "C" in all the courses of study which he has pursued above the level of the secondary school. In terms of quality points "he student must have as many quality points in college courses as he has semester hours in which he has enrolled.

Quality points are earned in the following manner: For the grade of "A" in a subject course, the student is credited with

three times as many quality points as semester hours allowed for that course; for the grade of "B," twice as many quality points as semester hours; for the grade of "C," just as many quality points as semester hours; for the grade of "D," semester hours are credited, but not quality points; for the grade of "F" no credit is given, but the number of semester hours in courses in which "F" is received is included in the total number of semester hours of courses in which the student has enrolled and one quality point for each semester hour of a course in which "F" is received is subtracted from the total number of quality points earned by the student in computing the student's standing and his quality point ratio.

5. Any student who desires to take an examination from which he was absent must obtain permission of the Dean and obtain from the Registrar a blank form for presentation to the instructor in charge of the course. This blank, when signed, must be filed with the Registrar within one week from the time of examination.

6. Residence is considered to mean two semesters of study in which not less than thirty-two semester hours of credit have been earned. A summer session of six consecutive weeks in which not less than six semester hours have been earned is considered as the equivalent of one-half of one semester.

7. (a) In class subjects such as harmony, history of music, etc., and academic subjects, one semester hour of credit shall be given for one period of recitation (50 minutes) plus two hours of preparation each week for eighteen weeks, inclusive of examination. In subjects such as ear training, sight singing, dictation, ensemble, etc., where no outside preparation is required, two 50-minute recitation periods per week for eighteen weeks shall be required for one semester hour of credit.

(b) One semester hour credit shall be given for each three hours per week of practice, plus the necessary individual instruction, with a maximum of six semester hours credit per semester allowed for the major subject in applied music. It is understood that the credit is not earned unless the final examination is satisfactorily passed. Students majoring in vocal or instrumental music shall be required to take a minimum of one hour (60 minutes) individual instruction per week throughout each year of residence.

(c) For a student to earn one semester hour of credit during a summer session, he must attend the same number of class. sessions and make the same amount of preparation as he would by attending a one hour per week course for one semester during the regular academic year. It is usual academic practice to allow a student to earn one semester hour of credit for each week of the summer session.

8. Examinations will be conducted for students majoring in applied music at the end of the Sophomore year in order to determine if they have a reasonable chance to succeed in their chosen field of endeavor. At the end of the third year the student is required to give a junior recital. The quality of this recital will be judged by a jury who will decide whether or not the student may be ready for the senior recital the following year.

#### B. Relating to Attendance

Indiscriminate absences from theory classes or from individual lessons are not conducive to efficient work on the part of the student. Such irregular attendance impairs the progress of the class and is objectionable to the teacher. Therefore, "cuts" are never allowed. Necessary or anticipated absences should be declared to the instructor beforehand. Unforeseen absences are to be explained to him very soon after the absence has occurred and be properly attested.

The faculty will enforce definite sanctions for all absences. A system of lowering the semester grades of careless students will be applied, the penalty levied will be commensurate with the number of absences. A summary dismissal from **a** class will be enforced, if in the judgment of the instructor, the student is incapable of continuing his work. Such a condition will be considered to exist when the number of a student's absences in a course equal twice the number of semester hours earned in that course plus one. However, the concurrence of the Dean is necessary for such dismissal.

Tardiness is almost as objectionable as absences. Students guilty of repeated tardiness shall be subject to the same regulations and sanctions as applied to absences.

All candidates must be present at the Commencement Exercises and receive their degrees in person. No excuse outside of serious illness attested by a reputable physician will be accepted. The University will not confer degrees *in absentia*.

#### LOYOLA UNIVERSITY, NEW ORLEANS

#### C. Relating to Discipline

These rules require regular and punctual attendance at all scheduled exercises, obedience to college customs and regulations, serious application to study, and blameless conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The College reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest primarily in the serious work of college life. Dismissal may be made without specific charges, and, in rare cases, perhaps on grounds that will seem insufficient to students and parents. The University, in these cases, holds itself to be the more capable judge of what affects the interests of the institution and the student-body.

# PART III

# PROGRAM OF STUDY LEADING TO A CERTIFICATE IN MUSIC

### GENERAL INFORMATION

This course is designed for special students who wish to concentrate their efforts in instrumental, vocal, or theoretical music only.

The length of the Certificate Course is usually four years. however, a student who has had advanced training elsewhere may upon examination shorten the prescribed four year period. The course includes a major subject and related music studies. The Music Theory requirements and the Applied Music requirements are the same for Certificate and Degree Students.

Any high school graduate who holds the above-mentioned Certificate in Music may obtain the degree of Bachelor of Music or the degree of Bachelor of Music Education by completing all other requirements for such a degree.

Those who wish to qualify for the Bachelor of Music Education must satisfy the requirements of the College of Arts and Sciences and the State Board of Education.

A Certificate student does not receive academic credit. However, his marks are recorded and will be translated into semester hour credits if and when the student qualifies himself for college credit and decides to complete his work for a degree.
